

Broadband Backbone Network

These illustrative maps have been commissioned by TIF & the Dept of Communications, Marine & Natural Resources and were developed by Mason Communications reflecting Ireland's telecoms infrastructure in April 2003.

- SDH Fibre 2.5 Gbit/s
- SDH Fibre 10 Gbit/s
- DWDM (10 to 80 Gbit/s)
- Phase 1 Carrier Neutral Open Access MAN (Government Regional Broadband Programme)
- Phase 2 Carrier Neutral Open Access MAN (Government Regional Broadband Programme)

- Highest capacity link shown for each route
- Many sections have several links of given capacity
